

**Biodynamic** farming techniques utilize the vineyard's natural resources to cultivate the highest grapes possible without the use of pesticides, fungicides, herbicides, synthetic fertilizers, growth stimulants, and it incorporates ideas about a vineyard as an ecosystem, and also accounting for things such as astrological influences and lunar cycles.

Biodynamic winemakers claim to have noted **stronger, clearer, more vibrant tastes**, as well as wines that remain **drinkable longer**. Biodynamic wines are more "**floral**", "**depth of both aromas and flavors**". Biodynamic producers also note that their methods tend to result in better balance in growth, where the sugar production in the grapes coincides with physiological ripeness, resulting in a wine with the **correct balance of flavor and alcohol content**, even with changing climate conditions.

Wineworld has selected these high quality Biodynamic wines from **Burgundy**. For order and enquiries, please contact us at **3154 9570** or Wechat/Whatsapp at **6481 0000** or email to [info@wineworld.com.hk](mailto:info@wineworld.com.hk).

### Fisher Unity Cabernet Sauvignon 2011

USA, Napa Valley ~~\$365~~ **\$318/btl**

*"The Fisher Family has been growing and producing wines in both Napa Valley and Sonoma County since 1973. Founded by Fred and Juelle Fisher, Fisher Vineyards today finds youth and new dedication in the second generation that includes three siblings: Whitney, Robert and Cameron. UNITY is the result of our entire family working together; as a wine, it demonstrates our continued dedication to quality from one generation to the next."*

**Tasting Note:** *An elegant, balanced vintage, 2011 boasts bright aromatics of red fruits. On the palate, flavors of ripe plum and cherry cola seamlessly match subtle notes of caramel, dark chocolate & clove. Time in the glass leads way to countless new aromas and flavors - but for all its layers and complexity, you may find it hard to resist this wines extreme, immediate drinkability.*

Regards,

Wineworld Team
