

**Taylor's** is one of the oldest of the founding Port houses, and is regarded as the benchmark for Vintage Port. Noted for their **elegance** and **poise** as well as for their **restrained power and longevity**, Taylor's Vintage Ports are blended from the finest wines of the firm's own quintas or estate. Taylor's is also respected as a producer of wood aged ports and holds one of the largest reserves of rare cask aged wines from which its distinguished aged tawny Ports are drawn. The house is also known as the originator of Late Bottled Vintage, a style which the firm pioneered and of which it remains the leading producer.

## Taylor's Single Harvest Port 1863

**"The 1863 has been in wood for over a century-and-a-half and is a piece of wine history. Thanks to the perfect ageing environment of the lodges in Oporto it is perfectly balanced and shows an extraordinary vitality."**3988

... Taylor's Managing Director

**James Suckling 99:** "Dark brown with some gold hue and a bright orange rim to the color. It shows intense aromas of brown sugar, toffee and lime peel. Some meat and walnuts too. Full-bodied, very sweet and thick. It's like syrup yet fresh, bright and tangy. Amazing power and richness shows the ripeness and heat of the vintage. Stunning old port aged more than a century and a half in old oak barrels. Bottled this year. An extraordinary experience tasting this. 1863 was one of the greatest vintages ever and before phylloxera destroyed the European tasting."

## 1967

**Wine Spectator 95:** "This draws you in, with aromas of warm halva and toasted pistachio giving way to a wide range of buckwheat, toasted sesame, walnut husk, menthol and licorice root notes that refuse to break down in the mouth. ## Taylor's Late Bottled Vintage 2012 (375ml)

Late Bottled Vintage is bottled later, remaining in wood between four and six years. LBV was developed as a high quality but more affordable

## What is Port wine?

Port is a fortified wine. Fortified wines are made by adding a proportion of grape spirit, or brandy, to the wine at some point during the production process. Port is arguably the greatest of all fortified wines and its paramount expression, Vintage Port, ranks alongside the finest produce of Bordeaux or Burgundy as one of the great iconic wines of the world. In the case of Port, the addition of the brandy takes place before the wine has finished fermenting. This means that the wine retains some of the natural sweetness of the grape, making it rich, round and smooth on the palate.
